

Presentation Delivery

Chapter: Presentation Delivery

Structure, voice, body, simple visuals, confidence.

Structure - Hook, body, close - tell them, tell them, remind them.

Hook - Grab attention and state why it matters.

Voice - Project, vary pace and tone, pause for emphasis.

Body - Stand tall, eye contact, purposeful gestures.

Visuals - Simple - images over walls of text; never read slides aloud.

Nerves - Cured by preparation and rehearsal.
